

Tricare Retiree Dental program is ending...

Changes are coming to your Tricare Dental program. As of December 31, 2018, the Tricare Retiree Dental program ends and your new dental benefits will be provided through FEDVIP. It is important that you know all your options when choosing your new dental plan. Here at Mallery Family Dental, we want to make sure you choose a plan that works with your budget but that also utilizes in-network benefits.

Although you can choose any PPO plan and still utilize your insurance with us, there are four specific plans that we are a provider for:

MetLife, PPO High

(888) 865-6854

<http://federaldental.metlife.com>

MetLife, PPO Standard

(888) 865-6854

<http://federaldental.metlife.com>

Delta Dental, PPO High

(855) 410-3255

www.deltadentalins.com/fedvip

Delta Dental, PPO Standard

(855) 410-3255

www.deltadentalins.com/fedvip

Choosing one of these four plans as your new dental insurance would ensure that Mallery Family Dental would stay your dental home. If you have any questions regarding these new changes, please do not hesitate to give our office a call.

Thank you so much for trusting us to be your dental provider.

A handwritten signature in black ink, appearing to read "m. mallery".

Mark Mallery, DDS
